BEAUTIFUL SNAKE I'VE EVER SEEN!

CHARMED I'M SURE...
TED DEMPSTER

The monster was in fact a giant rat.

He would frequently gate-crash the village local and bully the regular customers.

The simple village folk were powerless to stop the monster, so crack gunshee Ted Dempster had to be summoned to the highlands to tackle this big legendary fiend, and end his reign of terror. Dempster is good at this sort of thing.

Locals at a small Scottish fishing village had for years been plagued by the infamous Loch Ness Monster who often emerged to eat sheep, scare babies and terrorise the folks.

He would get drunk and vomit, leaving a trail of havoc after every visit.

One evening he arrived as usual...

Dempster was in heavy disguise behind the bar.

... and returned to find the monster slain. Dempster explained...

Nessie blew his top!

Get cancer, y’dog!

Gnash!

You’re dead, y’bastard!

... and returned to find the monster slain. Dempster explained...

It was simple. I left a bucket of water by the bar. Rats are very short sighted, so he drowned in it.

Vincent goes to the Pictures

The tale of a lonely teenager rejected by his parents.

One day Vincent was given some money to go and see a film at the local pictures. He set off...

Vincent’s stomach did not agree with these “trash foods” at all, and he had no choice but to fetch his lunch at the cinema.

Journey to the Centre of the Earth

And over mountains.

Till they arrived.

But...

They couldn't start cos HICK had forgot the shovel.

Doctor, have you got anything for clearing up diarrhoea?

Why yes?

Well, you'd better get started then!

Bam!

Why, it's Colin the Amiable Crocodile

Once, in Africa, it was a wonderful day. Colin was out exploring, down to the Nile River Valley for a paddle.

Soon, he saw an ostrich named Cynthia.

Picking in Africa, Colin knew he was in love.

Sudden, a man on an elephant passed on by.

And took Cynthia away for a circus career.

Colin sat in the rushes, (a kind of jungle flower).

Gabriel, the stork was also enjoying the smashing weather, in Africa. The weather (Colin) came.

Dick the Australian buffalo gave them to eat.

And, in the morning, they had coffee and cream.

But poor Colin was mistaken for being ferocious.

SKINHEED 4

AS REGULAR READERS WILL RECALL, POOR SKINHEED'S LOCAL PROBLEMS HAVE ENSNARED, AND THE S.P.G. HAVE NOW BECOME INVOLVED...

WHAT THEY LACK IN TACT AND SYMPATHY, THE S.P.G. TRY TO MAKE UP FOR IN ENTHUSIASM.

ONCE AGAIN, SKINHEED WAS FORCED TO ADOPT VIOLENT MEASURES TO SURVIVE.

His unhappy background had been a violent one, and the S.P.G. posed no immediate threat to his freedom, and well-being.

AFTER SEVERAL MINUTES THE POLICE RETREATED, AND SKINHEED'S ATTEMPTS TO COMMUNICATE WITH THEM WERE IGNORED.

AS THE POLICE SCOUR A NEARBY BUILDING SITE FOR BRICKS AND LEAD PIPES, SKINHEED K.O.'S A PASSERBY, AND THEN FLEES IN CONFUSION.

AS POLICE COME THE AREA, SKINHEED GATHERS HIS SCRABBLED THOUGHTS AND YEARNS FOR A CHANCE TO BEGIN HIS LIFE AGAIN.

BY NOW THE MEDIA ARE MORE THAN INTERESTED IN HIS STORY, AND THEY PURSUE HIM THROUGH THE STREETS FOR AN EXCLUSIVE.

AGAIN, A LACK OF UNDERSTANDING CAUSES FRUSTRATION, AND THIS IN TURN LEADS TO VIOLENCE.

SKINHEED REVELS IN THIS PUBLIC ATTENTION, HAVING BEEN IGNORED THROUGHOUT HIS LONELY CHILDHOOD, AND IN THIS THE BOOT.

EVENTUALLY THE POLICE HAVE TO ADMIT DEFEAT, AND SLEDGE EXTREME MEASURES BE INTRODUCED...

DISREGARDING THE SHOOTING MEMBERSHIP ARTHRITIS AND HIS FEELS SPINDLY LEGS, BARKER HEADS FOR A LOCAL PUBLIC CONVENIENCE TO EFFECT HIS TRANSFORMATION INTO "MIGHTY MAN". UNFORTUNATELY, AN EPIDEMIC OF DIARRHEA PREVENTS THIS INCREDIBLE METAMORPHOSIS TO THE CAPED GUY.

SPYING A DUSTMAN IN THE BACK ALLEY, AN IDEA HITS HIM RIGHT BETWEEN HIS SEVERELY ITCHING EYES, AND HE DECIDES TO USE THE BIN AS A MAKESHIFT CHANGING FACILITY, EH....

EAT SHIT MAN, THIS IS MY PAD!

HAVING MADE THE CHANGE, OUR MAN IS NOW READY TO APPLY HIS SKILL AS A SUPERHERO.

HE FLIES OFF IN AN UPWARD DIRECTION, DESPITE THE FACT THAT HE CANNOT FLY. HIS OBVIOUS LACK OF X-RAY VISION AND MUSCLES OF STEEL, INHIBITS THE ABSENCE IN HIS MAKE-UP OF ANY SUPERHUMAN OR EVEN SLIGHTLY UNUSUAL POWERS OR TALENTS DOES NOT SEEM TO BOTHER HIM IN THE SLIGHTEST.

HORMONICALLY FORGETTING HIS ORIGINAL INTENTIONS, MR. MEDICARE WANDERS THE DARK ALLEYWAYS, TRYING TO RECOGNIZE ANYTHING AND EVERYTHING....

THIS HAS BEEN YOUR INTRO TO THE MOST ILEPT SUPERMAN IMITATOR IN THE WORLD. HE MAY APPEAR AGAIN. IF HIS HEART CAN STAND THE PAIN.
"ELVIS - HE WAS MY LOVER" SAYS SEXY LIZ

In her Beverley Hills mansion, Hollywood starletpper Liz LOVECHILD speaks exclusively to VIZ COMICS, for £10,000.

I'll never forget the first time I laid Richard Burton. He was a 10 year old virgin when I met him at a party thrown by Marilyn Monroe. I just had to have him. He spent many happy evenings together, exploring each other's bodies and doing it all the time. He was no good in bed, and left me with 6 love children.

MADE LOVE

I first met Paul Newman at a cocaine party held by film director Iyer Perverson. Paul was well developed. He gave me some green tablets and afterwards we made love fifty times on the table. Later that evening I met Mick Jagger, and it wasn't long before we were loving each other in the bathroom.

FIRST TIME

I had slept with many men before I met Clint Eastwood, but never found real happiness. Clint was a real man, and really good in bed. I'll never forget our first time. It was at a film premiere in L.A., and I had just spent two wonderful hours exploring Kirk Douglas. I met Clint and we knew that we were in love. He was so gentle, and we made love for seven days without stopping.

I'll never forget the day I met Robert Bedguy, I had just divorced Tom Jones on the grounds that he was no good in bed, and was suing him for ten million dollars. Bobby had just left Brit Ekland. He was a terrific lover, and we would spend many happy evenings giving ourselves to each other.

One day I woke up next to Burt Reynolds. Burt gave me three of the happiest years of my life - he was no caring, and a real man in bed. He still sends me maintenance for our love child.

IN BED

I spent many happy years as the Queen of Monte Carlo. I met King Faisal-Louise in Bordeaux, and despite being a monarch he was warm, kind man, and really good in bed. He was 107, and he left me three countries when he died. I remember how he used to call me "Breasty", because of his wild passion for my boobs.

*In an interview with Dixie Milth.

Charles when I was 4. I met at Studio 54 in New York. Charles was only 3, and I had always been attract to younger men. He was a real royal lover, and I spent some of the happiest years of my life exploring his body as he satisfied my needs.

(Oh yes. I screwed Elvis Presley as well).

IT'S A DOG'S LIFE!

by Billy Bemerk

John Jackson yesterday spoke of his relief after finding his young puppy 'Spot' hiding behind the T.V. set.

For so-careless John had lost his pet earlier in the day while out for a walk. After searching high and low, he returned to find the mischievous pup asleep behind the T.V. set.

**DOG**

John told me what happened: "I went out to walk the dog in the park this morning and suddenly I noticed he had disappeared. I went back to the house after looking round a bit, and there was Spot, snoring behind the tele!

**HOUSE**

F.C. Rob Daythe who joined John to search the park takes up the story: "I met John in the park this morning, and he told me his dog had gone missing. He had a look around the park, and when he went back to his house, there was the dog, sound asleep behind the telly!

Spot the pup was today in the dog house after being chided by John for his little adventure behind the gents"

"He won't go missing again", said John. "In future I'll keep him on his lead!"

**T.V.**

But everything turned out for the best in the end! When John came home this morning he found the wayward Labrador pup asleep behind the T.V.

Spot the puppy is 6 months old.

2-STROKE TAKES AWARD

Newcastle's music maestro and legend in his own lifetime, Arthur 2-Stroke, self-styled leader of the Chart Commandos and king-pin to the local Natl Pop organisation was recently presented with a camouflage disc at a special reception held in his honour at the Gosforth Hotel, Newcastle.

The reception was attended by a variety of stars from the music world, including members of leading rock band The Maine Toys, another group who began in the North East, and themselves holders of a gold disc.

2-Stroke, who will be charting shortly, is seen above receiving the award from top Vis Comic executives in chief.

Looking well pleased, he said it was 'unbelievable' that his disc had 'gone camouflage already'.

Arthur 2-Stroke & The Chart Commandos will continue to play gigs in the North East, many of which will be at the Gosforth Hotel (Salters Road, Gosforth) on Monday nights. Look out for details in the press etc.

THE BERMONA TRIANGLE

Wall, as you know, this has for years been the world's greatest unsolved mystery. It dates back to Roman times when the triangle, bordered by the famous Roman Wall, was used by the gladiators as a bull ring. It was built originally in the Valley Of The Kings, Egypt's capital city, as a tombstone for the now famous Napoleon. After his defeat at Dunkirk in 1066 at the hands of William The Conqueror, the triangle was shipped to it's present location at Stonehenge, where it still stands today. Many mysterious vanishing have occurred in the triangle, and these are put down to the legendary Loch Ness Monster, a kind of Himalayan snowman known to the locals as 'Yeti'. Amongst the best known ships to have gone astray in the triangle are the Marie Celest, whose captain, Colonel Crab, was never seen again. Perhaps the largest victim was the Titanic, the world's first turbine driven iceburg, which is now on display at the Natural History Museum in London. Many people have tried unsuccessfully to solve the mystery, among them Arnold Sacnusone who hiked to the centre of the earth to find the monster, Sir Donald Campbell is thought to have perished whilst pursuing the monster in his 'Bluebird', a car which had held the world speed record for a steam locomotive for several years in 1926. Despite the recent discovery of North Sea oil in it's depths, the triangle is open to tourists in summer.

See you next time!
